MORE THAN A CAR WASH.

A Mississippi Story.

For more than 20 years, **5 Minute Express Car Wash** has been a family business built on hard work, great people and a commitment to the Mississippi communities we call home.

IT STARTED WITH A SIMPLE IDEA.

Our story began in **2004**, when we purchased a small **glass-enclosed rollover car wash on Lakeland Drive in Flowood, Mississippi, in front of Walmart**.

It looked very different from the 5 Minute Express locations you see today. But we saw an opportunity.

We rebuilt that original wash and transformed it into an **express car wash**, with a simple goal: provide a fast, high-quality wash while treating our customers and employees like family.

That first Flowood location became the beginning of **5 Minute Express Car Wash**.

Over the years, we continued to grow - one location and one community at a time. Today, 5 Minute Express serves customers in **Flowood, Byram, Brandon, Columbia, Hattiesburg and Pearl**, with our seventh location coming to **Starkville in early 2027**.

Through all the growth, our philosophy has stayed remarkably simple: **take care of people, invest in our communities and provide a great wash with great service.**

Family has always been at the heart of our business. What Roddy and I started together in 2004 has grown into a true family business, with the next generation now working alongside us.

More than 20 years later, we're proud of how far 5 Minute Express has come - but we're even more excited about where we're going.

Same family. Same commitment. And still proudly Mississippi.

OUR JOURNEY

2004 - It all begins in Flowood.

Today - Six 5 Minute Express locations across Mississippi.

Early 2027 - **Hello, Starkville.**
